

PLOT IN KEFALAS

**NOW JUST
€50,000**

This lovely plot of 1100 M² has building permission for 400M².

It is positioned on a narrow but good road just off the main road through Kefalas. The village has a good selection of tavernas, kafenions and shops all within walking distance of this plot.

The plot is gently sloping and has great views over the olive trees to the sea. A very nice private property could be built here—or even two smaller properties for family holidays with rental potential.

This attractive plot is now a great price and should be viewed to fully appreciate the lovely surroundings.
