SUMMARY:

This lovely villa is well positioned above the village of Neo Horio, which has a variety of local cafes and shops. It is also just a short drive to the larger beach resort of Kalives —and also to the main highway.

The outdoor areas are well landscaped and have 'easy to maintain' irrigated gardens and terraces. The pool area is private and has plenty of room for sunbathing —along with a well equipped outdoor kitchen and BBQ area. There is also a covered parking space.

The ground floor of the villa has a spacious, open plan living area with a feature fireplace. The kitchen is fully fitted with all appliances and has access directly to the pool and outdoor dining areas. There is also additional storage space under the stairs.

Also on this level, there is a twin bedroom — with patio doors leading out to the pool area — along with a very nicely finished shower room.

On the upper floor, there are two more very good sized double bedrooms — each with patio doors leading out to the upper terraces.

The very large master bathroom has a jacuzzi bath, shower, vanity units, storage and also houses the washing machine.

This is a very high quality villa with all the amenities for full time living. Alternatively, it could also provide a good income from the popular Cretan holiday rental market.
