SUMMARY:

This 3 bedroom villa was completed in 2004 and is set in a great location just a short stroll from the village centre and yet in a quiet and secluded spot in its own beautifully landscaped grounds.

The plot surrounding the villa has been well landscaped with a wide variety of trees, flowers and plants. The plot extends way beyond the front of the villa down into a ravine - making the views 100% protected.

There are many attractive seating areas for external dining all around the villa and of course plenty of room for a private pool to be added.

The villa has a lovely, modern fitted kitchen with all built in appliances with an archway leading to the light and airy living room with a stunning feature fireplace. From here, glass frontage and patio doors lead to extensive front terrace. The tiled roof makes this the perfect shady spot to sit back, relax and enjoy the views.

The villa has 3 good sized double bedrooms one with an en-suite shower room and the other 2 with a very large shared bathroom. The bedrooms all have access to external terraces and balconies. There is also a separate guest W.C and utility room.

The property has an external garage which also houses the boiler and oil tank and plenty of additional space for parking.
